COPPER SCORES SHARP ADVANCES

Soon Sells Above Yesterday's Best Price.

THE FEATURE OF THE STOCK MARKET

No Dividend Announcement Made and None Expected Until After the Close - Railway List Firm, But Dull.

NEW YORK Dec. 19 .- At the start the tone of today's market was firm, but a reaction soon took place, and in general declines of 1/4 to 3/4 point were made. The selling was not on a heavy scale, and before midday firmness again set in. Amalgamated Copper lost 2% points during the initial dealing, but soon after the opening the price was marked up sharply to above vesterday best figures, being the strong feature of the market.

General Business Light.

General business is light owing to an indisposition to trade prior to some light ow the Amalgamated Copper dividend which is not expected until after the close of the market. Changes of importance, however, were confined to special issues. St. Louis and San Francisco stocks were strong and Erie first and second oreferred were higher on favorable dividend rumors.

London operations have been confined to sale of 2,000 to 3,000 Union Pacific.

New York sales of stocks to 1 p. m., 297,800 shares; bonds, \$1,328,000.

It was rumored in the Street	this	after-

non that there had been another cut in the price of copper metal of either 1 cent or 11/2 cents. This would reduce the price to either 13 or 121/2 cents a pound, and would make the total cut of the past few

days either 4 or 41/2 cents. Desnite this fact the price of the jumped up sharply to a higher level than any seen for several days, and there was much more appearance of important inside buying. The fact that the stock advanced when the price of the metal is being cut steadily to a long way below its recent price was considered in the Street to confirm all the bad things that have been said of the rank manipulation of the stock during recent weeks.

Dividend Not Yet Announced.

The directors of the company had not announced their action on the question of the dividend for the stock at a late hour this afternoon and it was not believed that they would do so before the market closed. Nothing was known on the out-side as to what dividend would be declared and people expressed the opinion that neither the passage of the dividend entirely nor a continuance of the 6 per cent rate would be a surprise. The advance of the price of course tended to make holders of the stock confident

A Thing of the Past.

The town crier is a thing of the past, but medical methods as old and as obso lete as the town crier are still practiced in many a country town. Women suffrom womanly diseases shrink

from the offensive examinations, in-delicate question-ings, and obnoxious local treatments, still in vogue with some local practitioners. Any sick woman is invited to woman is invited to consult Dr. Pierce, by letter, free, and so avoid methods which are offensive to her modesty. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N.Y. Dr. Pierce's Fais peculiarly and

particularly a med-icine for the cure of womanly diseases, It estab-

lishes regularity, dries weakening drains, heals inflamma tion and ulceration, and cures female

ve my heart-felt thanks for the kind "You have my heart-feit thanks for the kind advice y sent me." writes Mrs. Florence Archer, o. Eason, Macon Co., Tenn. "Words fail to express what I endured for about eight years with female trouble, The awful pain that I had to endure each month, no tongue can express. These bearing-down pains, backache, headache, distress in my stomach and sores in my breast, cramp in limbs—they have all left me and health has taken the place of these distressing troubles. What caused them to leave? It was the best medicine on earth—Dr. Perce's Favorite Prescription. In one week's time I began to feel better. After "sking six bottles of the 'Pavorite Prescription' and using the local treatment you advised I felt likes a new woman."

averite Prescription' and using the localent you advised I felt like a new woman Dr. Pierce's Pleasant Pellets should always be used with "Favorite Prescription" whenever a laxative is required.

that at least a 4 per cent rate would be declared on the stock. Copper advanced to 67% before 2 g'clock and it seemed entirely likely that it would go further on the upward movement before the close.

Another Cut in Sugar Price.

Several thousand pairs \$3.50 GUAR-

Another stock that advanced despite rumors and news of bad business condiions was American Sugar. The Arbuckle people announced another out of 5 points in the price of all grades of refined suin the price of all grades of refined sugars, which makes the level lower than it has been at any time since the tariff was increased on raw sugar. The Arbuckles also announced a rebate of 1 per cent, accusing the Sugar Trust of making secret exts in the price of sugar. Despite these facts, sugar stock was firm, with an advance after the opening. The talk of the probability of a reduction in the duty on raw sugar imported from in the duty on raw sugar imported from Titha continues

Seat Sells for \$73,000. A seat on the New York Stock Exchange was sold today at \$73,000, the highest price on record, and \$2,000 above the price of a week or two ago.

Gas Advances Sharply, People's Gas of Chicago was one of the strong features of the market this morning with a sharp advance to above 101 No news was heard as to the affairs of the company that would account for the ad-vance, and it was supposed that it was nothing more than a movement against he short interest which is understood to

Control of Lackawanna Not Secured. The Wabash securities were again firm this morning, as were the Gould stocks in general. The rumor that the Goulds ave acquired a controlling interest in Lackawanna is probably without founda-tion as the stock is held rather widely and it would be necessary to acquire the holdings of a number of people to secure control. It is not improbable, however, that some alliance has been made with company for the use of its tracks into

ASTEMA AND CONSUMPTION CURED By the Roch Lung Cure. 150 Nassau Street, New York. And 627 E Street. Washington.

GAS STOVES (For Cooking and Heating.)
GAS APPLIANCES EXCHANGE,
1424 New York Avenue.

Is essentially an oil refining proposition and long antedates the gushers. Its reducing process, however, which was designed to refine the supposedly unrefinable refuse of the old refineries, is found specially adapted to the reducing of the heavy oils of the recently discovered Southern and Western fields. The process—a chemical one—is the only process so far which has been able to reduce these oils and separate them into their valuable component parts. Large refineries—larger than anything before known in the world—are being built in Texas and projected in California to handle the oils of the respective fields. The business is profitable enough, for the refinery gets five dollars' worth of value out of twenty cents' worth of raw material, at a cost of less than \$11, and the field is unlimited. But it would be a mis-The Forward Reduction Company out of twenty cents' worth of raw material, at a cost of less than \$1, and the field is unlimited. But it would be a mistake for any of fis rivals in the field to ignore the fact that besides the refaing process which it has all to itself, the Forward Reduction Company has an amount of oil-bearing land within the proved district on Spindletop Hill, which ensures it all the crude oil it can use in its refinery or sell for fuel as long as Spindletop Hill lasts. It has also the largest and best area of selected oil lands outside of Spindletop Hill of any company operating in the Texas or Louislana fields, assuring it of its full quota of oil as long as there is any oil to be found anywhere in either Texas or Louislana. It is also building the finest pumping station and the largest pipe line of any company in the field, and its eight miles of recently purchased water front ensure ior it unrivaled shipping facilities.

Dr. Forward is now in Europe, having been called there by an urgent cable message requiring his immediate presence in London, where the matter of using Texas oil for fuel in Europe is coming to be the most serious economic question of the day. most serious economic question of the

Europe's feel supply is being rapidly exhausted, and fuel is dearer and scarcer every year. The difficulties of transport-ing coal across the ocean economically and in sufficient quantities are very se-

rious.
Oil can be shipped at one-half the freight rates of coal, and it has twice the freight rates of coal, and it has twice the fuel value.

Before a battle there is usually a play for position between the hosts about to contend. In the play for position which precedes the battle for the future fuel supply of Europe, the Forward Reduction Company, under the masterful leadership of Dr. Forward, is forging far and fast to the front.
